

# COMPLETE RESTORATION SERVICES

Here at Complete Restoration Services, our mission is to provide industry leading disaster restoration services. We accomplish this by hiring the best people, providing the best training, using top of the line equipment and technology.

With the current challenges we are facing in light of the Coronavirus (Covid-19), your safety and the well-being of all our clients and team members are our first priority.

To ensure the safest interaction, Complete Restoration Services is diligently adhering to heightened health and hygiene protocols. Such as daily temperature monitoring and wellness screenings on all employees & families, strict hand sanitizing guidelines, decontamination of all equipment and extra personal protective equipment when onsite.

With that said, we kindly ask you to report any suspicions of infection to Complete Restoration Services immediately. If any members of your household are not feeling well, we will need to take extra precaution and assess the situation before going back onsite.

We encourage all clients to take the recommended steps by the CDC to stop the spread. For more information and to stay informed, please reference the CDC website at [www.cdc.gov](http://www.cdc.gov) or the Idaho site <https://coronavirus.idaho.gov/>

Please contact us with any questions or concerns. During business hours we can be reached at 208-794-9073 or via email at [corey@crsidaho.com](mailto:corey@crsidaho.com).

Sincerely,

Chris & Corey Langdon  
Owner/Operators
